

Go where your people already are

You do not need to go door to door. Someone is already reaching the thousands of people you want to serve. Find that player and bring them something their audience needs.

REMEMBER

- ◆ Ask who needs what you offer, then ask who already has those people gathered.
- ◆ The best partners are still trying to grow. Your offer should help them do it.
- ◆ You are not asking for a favor. You are bringing something they do not have.
